WonderBrazz - Bridging the gap between Traditional Jazz and Funk.

"That's some slick shit you're all playing, and if it ain't slick it ain't funky". Dr. John, New Orleans Music Legend.

"With or without a dance floor - Wonderbrazz live is a wonderful experience. Sven Bjerstedt, Kristiansstadbladet.

"Sooner or later everybody owe themselves to experience a concert with WonderBrazz". Ivan Pedersen, singer and songwriter.

In 1998 WonderBrazz earned a 6 out of 6 stars review for their debut album "Live At Café Bopa". 18 years, 7 CD's and 650 concerts down the road the band is still delivering absolutely dedicated concert experiences, no matter if the target audience is listeners at a cosy jazz club or dancers at a hip night club.

WonderBrazz has performed at numerous venues, among other Montreux Jazz Festival, New Orleans Jazz'n Heritage Festival, MIDEM i Cannes, Maison Du Danemark in Paris, France and the groups music has been used in several feature films.

A fan of the band nailed it when saying: "You just get so happy at their concerts". WonderBrazz's blend of New Orleans Roots, World Music and Funk has a it's own special vibe that resonates with people of all generations, nationalities and cultures. This goes for hard core jazz fans as well as people who would never even

consider listening to jazz.

Vocals, a tight horn section, drums, percussion and a Hammond organ are the ingredients in WonderBrazz's magical pot. Add massive interaction with the audience, an outgoing and easy-to-reach mix of jazz, soul, boogaloo and New Orleans 2nd line, and you have the recipe on an unforgettable event in the company of 6 excellent musicians.

"Der er ikke én eneste dårlig skæring på denne udgivelse; ikke én eneste malplaceret tone. WonderBrazz har begået en charmerende, swingende, vildtvoksende perle af et *up-to-date*, unikt og traditionsfornyende album, der bør vinde genklang langt ud over Danmarks grænser. "
